

**EU Declaration of Conformity
for SPX Flow WCB Universal Series Pumps
according to Regulations (EC) 1935/2004 and (EC) 2023/2006**

We SPX Flow hereby declare that the below listed pumps including their component parts with food contact comply with the provisions of:

- Regulation (EC) No 1935/2004 for food contact materials

We certify that the processed foodstuffs are not harmfully influenced by the materials used in our pumps if used as intended. They do not emit substances which could be hazardous to health or harmful to foodstuffs.

The material surface of our pumps consists of stainless steel 316, alloy WM88. Seals are made of EPDM, FKM, FFKM. The polymer seal materials are FDA – conform and comply with FDA 21 CFR 177.2600. As food consumer goods they are in accordance with the provisions of Regulation (EC) No 1935/2004.

“Food Grade” lubricants approved by us comply with FDA 21 CFR 178.3570.

The traceability of the pumps with food contact supplied is provided in every respect (Art. 17, Reg. (EC) No 1935/2004).

It is certified that we manufacture our products on the basis of Good Manufacturing Practice according to Regulation (EC) 2023/2006 (GMP) and that our products are marketable within the European Community.

Product: Rotary Positive Displacement Pumps

Models: Universal Series 1 (U1) All Models and Variants'
Universal Series 2 (U2) All Models and Variants'
Universal Series 2 Ice Cream Pump (6IC, 12IC, 22IC)
Universal Series 3 (U3) All Models and Variants'
Universal Twin Screw (UTS) All Models and Variants'

EU Regulations: (EC) No 1935/2004, (EC) No 2023/2006
